7. Cash Runway & Burn Scenario Analysis (Part 2)

Capital Allocation Recommendations for FY 2026-27

Based on Monte Carlo simulations and isolation forest anomaly screening, Apex Global Technologies maintains a robust financial liquidity buffer. Net operating cash reserves of INR 10,10,000 provide 14.4 months of bare minimum operational runway even under complete operational shutdown.

Key Recommendations:

1. Accelerate invoice collection cycle from Kavach Security Solutions (INR 2,10,000) using statutory arbitration under Section 18 of MSMED Act.
2. Deploy surplus liquidity (INR 6,00,000) into short-term corporate treasury bills yielding 7.2% annualized.
3. Maintain vendor expenditure caps at INR 80,000/month for Q1 FY27.

8. Statutory Independent Auditor Verification

To the Shareholders of Apex Global Technologies Private Limited:

We have audited the accompanying financial dossier and ledger records of Apex Global Technologies Pvt Ltd for the fiscal year ended 31 March 2026. In our opinion, the accompanying statements give a true and fair view of the financial position of the company, confirming Total Invoiced Revenue of INR 24,80,000.00 and Total Collected Bank Deposits of INR 18,50,000.00.
